

Guest Speakers September 2005

September 7, 2005 - Destination Bright Future Inc. Rob Bader, Executive Director

Destination Bright Future, Inc., was founded in 2003 with the intent to promote leadership and teamwork among at-risk youths in the Baltimore area through sailing and academic enrichment. Sailing is a great way to motivate children and encourage them to pursue higher goals than they thought possible, either in academics, sport, or in their future careers. By adding hands-on learning to the program, campers experience a fun, well-rounded summer. Visit www.destinationbrightfuture.com.
